

THE DESKSHELF

Steps to assemble:

1. Check you have all the parts - 1 Desk-top, 3 Legs, 1 Shelf
2. Keep **Desk-top** in an upside-down position with **groves** facing upwards, it has **numbers** mentioned inside the groves.
3. All three legs also have numbers written on a **white** sticker.
4. **Match** groove number with the appropriate **leg** for a perfect fit.
5. Slide one end of the leg into the groove and push the lower part gently to fit the other end. Repeat the process for the other two **legs with tray** groves facing each other.
6. After putting all the legs in place, turn the desk-top and place it on the table.
7. Take the Aluminium **Shelf** and put it from behind the deskshelf in the groves made to hold it.
8. Your Workspace is ready to hold any kind of monitor and laptop.

KEY POINTS

1. Make sure Legs are properly placed.
2. Legs are made a little tight so as to make them stable.
3. Make sure all legs are aligned at the right groves.
4. The legs with CUT EDGES are to be put behind so that you can slide the tray from the back.
5. It's a fixed shelf, not a sliding tray.
